CREATE A PROTOTYPE WITH FAMILIAR AND UNFAMILIAR NAVIGATION ELEMENTS

Name: ALDRINE LINJOE S

Register Number: 240701033

Screen 1: Splash / Landing Page for the BookNest App

- **BookNest Title:** Clear brand identity displayed prominently at the center of the screen.
- **Tagline – “Discover, explore, and purchase your favorite books anytime, anywhere.”**
Provides context and emotional appeal for the application.
- **Sign-In Button:** Primary call-to-action (CTA) guiding users into the application.
- **Book-Themed Background Pattern:** Enhances the reading and library concept visually.

This screen acts as the first interaction point and creates a welcoming experience for the user.

Screen 2: Home / Book Catalog Page

Familiar Icons:

1. **Book Display Cards:**

A common product-card layout showing book cover images for easy browsing.

2. **Selection Layout:**

Organized vertical arrangement helps users quickly choose books.

3. **Visual Highlight Area:**

Circular highlighted zones improve focus on featured books.

Usability Features:

- Large book images improve recognition.
- Simple scrollable layout supports browsing multiple books easily.

This screen helps users explore available books in a clean and familiar way.

Screen 3: Book Detail Page – Harry Potter

Familiar Icons & Elements:

1. **Book Cover Display:**
Helps users identify the selected book visually.

2. **Book Information Section:**

Displays genre, published year, number of pages, and series details clearly.

3. **Description Area:**

Provides a short summary of the story for better understanding.

4. **BUY Button:**

Final CTA allowing users to proceed with purchase.

This page improves user confidence before making a purchase decision.

Screen 4: Book Detail Page – Jeffrey Archer

Familiar Elements:

1. **Book Cover Preview**
2. **Genre and Published Year Details**
3. **Series Information**
4. **Description Section**
5. **BUY Button**

Possibly Unfamiliar Element:

- Minimal navigation controls may require users to rely on system navigation buttons.

This screen maintains consistency while presenting another book option.

Screen 5: Book Detail Page – Iron Man

Familiar Elements:

1. **Comic Cover Display**
2. **Publisher Information**
3. **Genre and Pages Section**

4. **Description Area**
5. **BUY Button**

Usability Benefit:

- Comic-style presentation attracts users and improves engagement.

This page supports users interested in superhero comic collections.

Screen 6: Book Detail Page – Spider Man

Familiar Icons:

1. **Book Cover Preview**
2. **Publisher and Genre Details**
3. **Pages Information**
4. **Description Section**
5. **BUY Button**

Usability Benefit:

- Clear layout and large CTA improve purchase completion rate.

This screen provides detailed information for comic readers before buying.

Screen 7: Order Confirmation / Thank You Page

Familiar Icons:

1. **Thank You Message:**
Confirms successful purchase completion.

2. **Positive Feedback Screen:**

Improves user satisfaction and trust.

3. **Simple Exit Flow:**

Helps users understand that the transaction is complete.

Usability Benefit:

- Clear feedback reduces uncertainty after placing the order.

This final screen ensures a positive ending to the user journey.
